Stay connected (optional): make new friends, chat and share your stories and experiences, and get the latest Sims news without even leaving the game. In The Sims 3, the Christmas holiday has a place to be: it is a celebration that brings gifts, fun, costumes and treats. Do your best to tell your friends about the glorious date, and the best medium for this is photography. Just think how many photos you need to have in your album to get the Christmas spirit into everyone's heart! Want to add a Christmas decoration to your game? Experiment with the gameplay. Add holiday decorations to your forehead, nose, and cheeks to turn your Sims into a real Santa Claus! Christmas decorations are not permanent, they change as the weather sets. In this game, you need to know when it's better to put decorations on windows and when - on a Christmas tree! The game is very easy to pass, does not require special skills. The fact that Santa exists is reminiscent of every corner of our world. At Christmas, everyone considers it their duty to give Santa Claus, who, of course, gives everyone a good mood, at least I think so ... How to get a Christmas tree with balls and toys? Unfortunately, I do not know. But I know how to turn an ordinary ball into a Christmas Christmas miracle! The Sims 2 Thanksgiving is especially great with holiday photos, as real Christmas trees only appear when the weather is right. Find holiday photos in your album and take a photo of them with the changing weather in mind! Haven't built a house yet? It's not a problem! You have many options on how to build it, and you can build any house in which the family lives, where love, warmth and comfort always reign. However, it is worth remembering that the yard is already in its sixteenth year. Sims is the kind of game that is waiting for you to fill all of its 736 square meters. This game pleases us with beautiful photos, pleasant moments, as well as the fact that the characters have a home and a family. Since the release of the game, "hot keys" have been used to control the characters, which would display their photos. But time does not stand still, and sims2 is now displayed with the mouse. Let's look at some of the functions of the game using the buttons on the mouse. If you like to play The Sims and you liked the second part of the game, which consists of three parts, and you just didn't have enough of that amount
